

Gusset Protective Bag for Eyeglasses Inventory Box

The Eyeglasses Inventory Box is a corrugated box which can easily be damaged by exposure to water. The Duffle Bag offered by Kendall Optometry Ministries, Inc offers some protection but the Gusset bag provides the maximum amount of water repelency. To the right (1) is an eyeglasses inventory box. Below (2) is one standing on it's end. Picture (3) shows the gusset bag laying on the top of the box. Picture (4) shows the bag being pulled over the top of the box. Picture (5) shows it pulled half the way down the box. Picture (6) shows it at the bottom of the box.

Picture (7) shows the bag turned upside down. Picture (8) shows the bag pulled up over the box. In picture (9) the front and back flaps of the bag are pulled over the top of the box. In picture (10) the left flap is pulled over the top of the box. In picture (11) the right flap is pulled over the top of the box.

In picture (12) below you see the type of tape you should use to tape these boxes. Use CLEAR packing rather than DUCT tape as duct tape's stronger adhesive may tear the plastic bag. Pictures (13) and (14) show tape being applied. In picture (15) the end of the tape has been turned over so that it will be easy to pull loose to remove the box from the gusset bag. Picture (16) shows the box within the gusset bag. A SINGLE piece of clear packing tape has been applied over the top of the bag.

If used properly, the gusset bag can provide a great deal of protection for the Eyeglasses Inventory box. This bag is part number S-8450 (14X14X36 2MIL GSTD BAG) and is available from <http://www.uline.com/>. One bag is included with each Eyeglasses Inventory Box.

Kendall Optometry Ministry, Inc. Mission Statement

With primary emphasis in underdeveloped countries, the Kendall Optometry Ministry was established to spread the Word of our Lord and Savior Jesus Christ. This is accomplished by providing glasses to improve the vision of people living in these and other underdeveloped countries. These impoverished people can now see to read their Bible, and also improve their standard of living.

Kendall Optometry Ministry, Inc

"Serving the Lord by providing better vision to the people of underdeveloped countries."
